Mt. Spokane Ski & Snowboard Park operates within Mt. Spokane State Park, the largest of Washington's State Parks at 13,919 acres. In addition to alpine winter recreation, the Park offers year-round recreation including nordic skiing, snowshoeing, snowmobiling, camping, horseback riding, biking and hiking trails, berry picking, sightseeing, and more.

Nordic Ski Area

The Park features 25 kilometers of beautifully groomed nordic ski trails that are multi-use in the spring, summer, and fall and for cross-country skiing in the winter. The Park annually hosts the legendary Langlauf cross-country ski

race. The trails are groomed regularly, excluding Mondays & Tuesdays. Call the Nordic conditions line at (509) 238-4025 for the most up-to-date weather and grooming information. A Sno-Park permit is required for parking in designated nordic and snowmobile lots from November 1 through May 1. A groomed trails permit is additionally required for usage of the groomed trails.

Snowmobiling

Snowmobiling is allowed within the Park on designated trails. A Sno-Park permit is required for parking in designated nordic and snowmobile lots from November 1 through May 1. A groomed trails permit is additionally required for usage of the groomed trails.

LODGES

Lodge 1

Lodge 1 is open on weekends and holidays. The historic lodge offers lift tickets, food service, restrooms, wi-fi access and a quaint atmosphere to enjoy your lunch or breaks between runs. It also serves as the home base for the Spokane Ski Racing Association (SSRA). Chair 1 is easily accessed from Lodge 1.

Lodge 2

Lodge 2 is located at the base area of Mt. Spokane Ski & Snowboard Park and serves as the main day lodge for the ski area. Full-service facilities include ticketing, rentals & retail shop, ski school, shuttle

service, free ski check, food service and dining areas, the Foggy Bottom Lounge, multiple restrooms, wi-fi access, & more. Lifts 2, 3, & 5 are easily accessible from Lodge 2.

The iconic Ski Patrol building is also located in the base area and provides unparalleled first-aid to our guests

Vista House

Mt. Spokane's historic Vista House is located at the summit of the mountain, just a few steps away from the top of Chair 1 and is open to the public on weekends and holidays.

The Vista House was constructed in 1933 by the Civilian Conservation Corps (CCC)

as "an excellent example of the naturalistic design principles that the CCC inherited from the National Park Service" in which "stone and timber structures were meant to emerge from their surroundings as if they were expressions of the site".¹

The Vista House was renovated by the State Park in 2002. The lodge was completely renovated in 2002 and opened to the public. It is constructed of native granite stone and timber framing. The great stone fireplace is the center of the structure, beckoning visitors to enjoy a warm drink and put their feet up in front of the fire.

Hot beverages, soups, chili, and wraps are available when the Vista House is open on weekends and holidays.

NEED TO KNOW

Lodge 2, our main lodge, is where you can buy your lift tickets, sign up for lessons, and pick up your rental gear.

Get here early enough to allow time to pick up your rentals and get your kids or yourself suited up for lessons—one hour minimum is usually sufficient. With wintry roads, excited kids, and new experiences, it will take longer than you think. Have patience and wait for the reward!

Multiweek lessons check in at the far left outside ticket window of Lodge 2—the sign with the snowman that says "Multiweek Lesson Check-In." There you will get your tickets and lesson voucher. You will need to check in here each morning you have a lesson!

Mountain environments can change quickly and drastically—always dress for the worst!

You can check in or sign up for regular daily lessons at the Snow Sports Center, inside the bottom floor of Lodge 2.

All lessons and rentals require a parent's signature. If you are not accompanying your child to the mountain, please download, fill out & sign, and send it with your minor when they come up.

The Rental Shop gets very busy in the mornings when checking out equipment—if you are not renting or helping your child get equipped, please wait upstairs in the cafeteria level or elsewhere.

Mountain environments can change quickly and drastically—always dress for the worst! No jeans, and avoid cotton garments, as they soak up moisture. Goggles are necessary if snow starts flying or if the sun is bright. Don't forget sunscreen in the spring! Beanies or wool hats are needed to keep the head and ears warm. Fleece face masks can prevent frostbite in a blizzard. Don't throw on multiple layers of socks as they will constrict circulation and make your feet even colder. Layers are best!

If parking gets busy and you have to park a long ways away from the lodge, we have free and convenient shuttles that will pick you up and bring you to the lodge of your choice.

We also have cheap, convenient bus service from Spokane on most weekends and holidays. Check out the bus page on the website for more information.

THE NON-PROFIT ORGANIZATION

Mt. Spokane Ski & Snowboard Park is a recognized 501(c)3 non-profit charitable organization, founded in 1998 by an all-volunteer board of directors, who offer guidance to our professional management staff. The organization exists to provide a family-friendly ski area where customer service is a priority in part by returning all profits to the recreation area.

SERVICES

We offer many additional services to make your experience at Mt. Spokane Ski & Snowboard Park fun, easy, and enjoyable. From our free shuttle service, ski check, and wi-fi access to our convenient lockers and daycare, these services were developed and are now run with you in mind. We even offer bus service from several Spokane locations on most weekends and holidays!

TERRAIN PARK

Mt. Spokane's Terrain Park features almost a mile of progression-oriented kickers, hits, jibs, and more for freestylers of all skill levels. The goal of our park is to provide safe features everyone can enjoy – from the first-timer to the experienced park rat. The Park starts at the top of Half Hitch and continues down Lamonga Pass.

This season in the park look for jumps and kickers of all sizes, from small to XL big air. We also have tons of different rails and boxes, from battleships and c-rails to rainbows and kinks. Don't miss the tree stall or unique bonks, and stay tuned for the original features the Terrain Park staff has in store! ❄️

We can't emphasize it enough—safety first, for yourself and others!

Safety First!

We can't emphasize it enough—safety first, for yourself and others! Please familiarize yourself with the Smart Style code of conduct for freestyle terrain before using our parks.

SMART STYLE CODE OF CONDUCT

MAKE A PLAN

- * Every time you use freestyle terrain, make a plan for each feature you want to use.
- * Your speed, approach, and takeoff will directly affect your landing.

LOOK BEFORE YOU LEAP

- * Before entering freestyle terrain observe all posted signs and warnings.
- * Scope around the jumps first, not over them.
- * Use your first run as a warm up and scouting mission to familiarize yourself with the terrain.
- * Know landings are clear, and clear yourself out of the landing area.
- * Be aware that the features change constantly due to weather, usage, grooming, and time of day.
- * Do not jump blindly and use a spotter when necessary.

EASY STYLE IT

- * Know your limits and ski/ride within your ability.
- * Look for small progression parks or features to begin with and work your way up.
- * Freestyle skills require maintaining control on the ground and in the air.
- * Do not attempt any features unless you have sufficient experience and ability to do so safely.
- * Inverted aerials increase your risk of injury and are not recommended.

RESPECT GETS RESPECT

- * Respect the terrain, and others
- * One person on a feature at a time
- * Wait your turn and call your drop-in
- * Always clear the landing area quickly
- * Respect all signs and stay off of closed terrain and features.

RESPONSIBILITY CODE

Observe the code listed below and share with other skiers the responsibility for a great skiing experience.

1. Always stay in control.
2. People ahead of you have the right of way.
3. Stop in a safe place for you and others.
4. Whenever starting downhill or merging, look uphill and yield.
5. Use devices to help prevent runaway equipment.
6. Observe signs and warnings, and keep off closed trails.
7. Know how to use the lifts safely.

BE SAFETY CONSCIOUS AND
KNOW THE CODE.
IT'S YOUR RESPONSIBILITY.
